# SYSPRO
# Managed Cloud Services

## Focus on your manufacturing business, not your IT.

**SYSPRO MANAGED CLOUD SERVICES**

# PROVIDES

- A fully managed infrastructure
- Hosted on Microsoft Azure cloud platform
- Deployed by SYSPRO
- Serviced and maintained by SYSPRO

# BENEFITS

### FULLY MANAGED
**Removes your infrastructure burden**
All your SYSPRO ERP infrastructure requisites are taken care of, freeing you up to focus on your business.

### PAY AS YOU CONSUME
**Manages your expenses more effectively**
SYSPRO Managed Cloud Services enables you to pay monthly and only for the resources you use.

### RAPID DEPLOYMENT
**Gets you up and running quickly**
Your solution can be turned on within a few days or even hours.

### FLEXIBLE
**A tailored solution to meet your needs**
We perform an in-depth appraisal in order to provide you with the ideal solution.

### SCALABLE
**Respond quicker to shifting business conditions**
We efficiently scale your computing power up when demand is high, and down when it's quieter.

### ALWAYS AVAILABLE
**Work any where, any time with increased decision-making ability on the fly**
Your workforce can access their SYSPRO ERP any place, any time – increasing levels of collaboration, capability and remote use.

### RELIABLE AND SECURE
**Peace of mind**
Our ongoing security protocols manage risk by identifying threats and vulnerabilities.

### INDUSTRY EXPERIENCE
**Best practices to achieve your objectives**
Our industry experience and proven methodology facilitates a successful implementation and ensures your mission-critical systems are well looked after.

### ENABLES DIGITAL TRANSFORMATION
**Streamline your adoption of new technologies**
Shifting your cloud infrastructure management to SYSPRO provides the flexibility, speed and agility to achieve digital transformation.

# SHIFT TO MANAGED CLOUD

Let SYSPRO perform an in-depth appraisal of your company's unique needs in order to provide you with the ideal solution.
